AWEMAC

Leading Environmental and Social Advisors in Africa

Course Title	INTEGRATED ENVIRONMENTAL IMPACT ASSESSMENT AND AUDIT AND MENTORSHIP PROGRAM 19TH JULY TO 27TH AUGUST 2021
About AWEMAC	Africa Waste and Environment Management Centre (AWEMAC) is an Environmental Consultancy and Training firm registered by the National Environment Management Authority (NEMA) and the National Industrial Training Authority (NITA) as an Environmental Impact Assessment and Environmental Audit (EIA/EA) Training Centre. AWEMAC is one of the leading environmental and social advisors in Africa that has been involved in providing Technical Environmental Advisory services to large infrastructural projects like commercial and residential Developments, Roads, Railways, Airports, Ports, Water Supply, Sewerage, Electrical Transmission Lines, Solar Energy Parks, Industries in General, Mining Developments, Petroleum (Oil and Gas) facilities, Forestry, Irrigation and Waste Disposal Facilities in Kenya and Africa Region. We consult in various projects being funded by National Governmental Ministries and Agencies, corporate investment companies, several Counties, UN bodies and International Financial/ Development Institutions like World Bank/IFC, AfDB, Exim Bank, AFD among others. For specific projects undertaken, refer to our website; https://awemac.co.ke/ .
Mentorship Program (Optional)	When you join our EIA/Audit training (6 weeks) and a voluntary mentorship program (6 months), you will kick-start your career path development into becoming a professional Environmental and Social Safeguards and an Environmental Health and Safety Expert. After the course, you will be involved on a part-time basis as project/field assistant in various projects undertaken by the firm and acquire practical skills through the mentorship program. The company shall pay field, subsistence and transport allowances as per its internal HR policy.
Course Objectives	Introduce trainees to key Integrated EIA and EA concepts and issues, expose them to practical tools for conducting EIA and EA, and develop linkages to the industry.
Target Group	Bachelor's Degree holders in an Environmental/ Social Studies, Environmental Engineering and Science fields or an equivalent (as specified in the EIA and Audit course curriculum approved by NEMA) or any other person interested in becoming conversant with issues on EIA and EA even though he is already registered or does not intend to register with NEMA.
Training Period	6 Weeks (19th July to 27th August 2021). Deadline for Registration is 12th July 2021 .
Mode & Time of Training:	Evening intensive virtual/ online presentations/ lectures, field case studies, assignments, group fieldwork/ discussions and examination. From Monday-Friday from 6.00PM-8.00PM and scheduled field visits during selected days.
Training Location	At the comfort of your home (due to the current COVID-19 pandemic)/ Virtual and in the field.
